Dear Mr. Grimm:

According to our records the subject well was drilled to a total depth of 20,767' and temporarily abandoned in August, 1973.

To date no further progress reports have been received. Therefore, we are hereby requesting that drilling be resumed or the well be plugged and abandoned.

Please submit Form C-103 outlining your plans for the well and one copy of each log run.

If you have any questions concerning this matter please feel free to contact me.

Sincerely yours,

W. A. Gressett
