Gentlemen:

Form C-101, Application for Permit to Drill the subject well was approved on September 12, 1969, and to date no additional reports have been received.

Please file Form C-103, reporting the spud date and the setting and cementing of each string of casing that has been run in the well. Said report must show the following for each string of casing.

1. The amount, size, grade & weight
2. Volume of cement used
3. Waiting on cement time and results of casing test

Further, on a separate report show all additional work that has been performed such as perforating and treating.

If you have any questions concerning this please feel free to call upon me.

Very truly yours,
