Attention: Mr. R. L. Stamets

Gentlemen:

In your letter of September 15, 1970, regarding the plugging of our Van A Well No. 1-J, you noted that there was a length of drilling line left along the road near the abandoned well site. The line was left there because the landowner, Mr. Fred Van Eaton, asked that it be left. In fact he is reported to have helped drag it to the location along the road. He wanted the line for use as a bottom wire as fencing crossing a draw.

We have had this rechecked and the landowner still wants the line for his use. In view of this, we shall appreciate it if you could see fit to approve our plugging report because we truly think the landowner is satisfied with our abandonment.

Yours truly,

PHILLIPS PETROLEUM COMPANY

W. C. Rodgers
