Re: Klabzuba, Munson & Seaman
White Lease
Race Track Devonian Field

Dear Mr. Gressett:

With regard to your letter of March 14, we find that your records are correct. We have been misreading the allowable sheet and using the top allowable of 64 barrels as the allowable and not the 18 barrels.

As you know, the oil is trucked from this lease and the severe weather has hampered oil hauling. This, plus some mechanical problems, which we have now corrected, has cut production.

The well is producing approximately 45 barrels of oil per day. How can we correct the allowable problem and get things in proper order? Your help will be greatly appreciated.
Thank you.

Sincerely,

Robert V. Ratts
Agent,

Klabzuba, Munson & Seaman
