Re: LE Ranch 16 Well No 1-D,
16-11-28, Chaves County,
New Mexico

Dear Mr. Willbanks:

In As of this date this office has not received Form C-105 and accompanying mechanical logs for the subject well as required. Form C-105, Well Log, is to be submitted in quintuplicate with one copy of each mechanical log run.

Further, an inspection of the well site on July 30, 1970, revealed that no clean up work had as yet been started. The pit had not been filled and there was considerable material on the location.

When all required forms and logs are received and the well site restored, the plugging report will be approved.

Very truly yours,

OIL CONSERVATION COMMISSION
