Re: Merritt State #1-K,
Section 22-12-27, Chaves
County, New Mexico

Gentlemen:

On a recent field inspection of the subject well we found the pit not filled, dead men wires not cut, drilling line on location and the marker shows section 12.

Please take care of this and notify this office when the work has been completed.

Very truly yours,

OIL CONSERVATION COMMISSION

W. A. Gressett
Supervisor, District II
