Gentlemen:

An inspection was made of the site of the subject plugged and abandoned well on January 22, 1971. Said inspection revealed the following item which must be corrected before the final Plugging Report, Form C-103, may be approved.

1. Correct the location on the marker from 1980 FSL-
160 FWL to 1980 FSL - 660 FWL.

Very truly yours,
