Attention: R. L. Nabbsfeld

Gentlemen:

Reference is made to your application for authority to complete your Read & Stevens H Federal Well No. 1, located in Unit K of Section 28, Township 6 South, Range 27 East, Haystack-Cisco Gas Pool, Chaves County, New Mexico, as a tubingless completion with 2 7/8-inch casing set at 6125 feet. Top of the cement is at 5090 feet.

It is our understanding that no known corrosive or pressure problems exist in the subject area which would render the proposed method of completion impracticable and that waste will not be caused thereby.

Shenandoah Oil Corporation is, therefore, hereby authorized an exception to Rule 107 (e) to complete the subject well in the above-described manner.

Very truly yours,

A. L. PORTER, Jr.
