Re: O'Brien Bros.
#1-F, 12-9S-29E
Chaves County, N. M.

Gentlemen:

To date, this office has received no response to our letter of January 22, 1973, requesting the following reports on the subject well.

1. Form C-103 Subsequent Report of Plugging
2. Form C-105 Well Completion Report and Log accompanied by a copy of each log run on the well and a summary of all special tests conducted, including drill stem tests and deviation tests.

Further, on a recent inspection of said well, we found the pits not levelled, cellar open, dead men not cut off and junk on the location.

Failure to submit all delinquent reports, clean and level location and pits and so notify this office within 30 days will result in this matter being referred to our attorney for further action.

Sincerely yours,

OIL CONSERVATION COMMISSION
