Dear Mr. Ingram:

A recent field inspection was made on the subject well and found that P&A marker had not been erected.

It should show operator name, lease name and well number and location (Unit letter, section, township and range.)

Before Form C-103 (Subsequent report of plug and abandonment) may be approved the marker needs to be erected.

We would appreciate it if you would notify this office when the marker has been set.

Sincerely,

A handwritten signature in cursive script that reads "Mike Stubblefield".

Oil & Gas Inspector
