Re: Installation of Injection Well Disposal Equipment

Dear Tim:

Pursuant to our telephone conversation today, if everything goes right, we will run the packer and plastic lined pipe into the O'brien 19-8 saltwater disposal well on the 18th day of December. When we get ready to pressure test the packer we will notify your office again so that a field agent may be present if he so desires.

Thank you again for your assistance in this matter.

Sincerely yours,

Gary Millspaugh, President
