Dear Mr. Gressett:

The Gas Oil Ratio Test on the above mentioned well is due in your office today. However, we are having difficulties with this well at the present time, and we have not been able to obtain a GOR.

We are having a gas lock problem and will not be able to test this well until that situation is corrected. We are presently working on this well and hope to have the problem taken care of within the next few days.

If you have any questions regarding this matter, please feel free to contact me.

Very truly yours,

Donald G. Stevens
President
