Re: Union 36 State

Chaves County, NM

Gentlemen:

To date this office has received no reports on the subject well since the Permit to Drill was approved.

Division Rules require that within 10 days after a well is spudded and/or casing is set and cemented a report Form C-103 is required with all of the details there on.

On October 13th we received a call for approval to plug and abandon the well.

Please submit all delinquent reports at your earliest convenience.

If you have any questions concerning this matter please feel free to call upon me.

Sincerely,

A handwritten signature in cursive script, reading "W. A. Gressett".
