Re: Runyan State
#1-B-24-9-26
Foor Ranch Wolfcamp Pool

Gentlemen:

An allowable for the Wolfcamp formation has not been approved for the above captioned well.

We have received your C-103 abandoning the Abo nerfs but before the well can be approved as a Wolfcamp completion we will need a plat showing Wolfcamp formation and Foor Ranch Wolfcamp pool, with a 320 acre dedication.

Also a C-104, Request for Allowable, showing completion information for well in different reservoir, date of first production from new zone, potential of formation and purchasers.

Your cooperation in this matter will be greatly appreciated.

Sincerely,

Les A. Clements
Supervisor District II
