To: Gum, Tim
Subject: Grynberg Petroleum

Tim,

Lori signed the revised letter this am, and it is in the mail to Grynberg and his attorneys. I put a copy in the mail for you as well.

If the application is otherwise okay (you guys will of course need to give it your usual technical review), you can approve it conditioned on "conditions imposed in the letter from the Director of the Oil Conservation Division, dated June 6, 2001."

Let me know if you have any questions.

Stephen C. Ross
