Re: Well Plugging, George J. Crosby, Wilson #1, Ut E-13-10-24

Dear Rand;

We recommend the above captioned well be plugged to protect fresh waters of the state of New Mexico, the environment and correlative rights in the area.

This well is located just off of the truck bypass on the east side of Roswell N.M. The diameter of the pipe is large enough for a child to fall into the well. We should move on this as soon as possible.

Yours Truly

D. Ray Smith
