RE: FORM C-103 (INTENT)  
SEYMORE STATE COM. NO. 1  
CHAVES COUNTY, NEW MEXICO

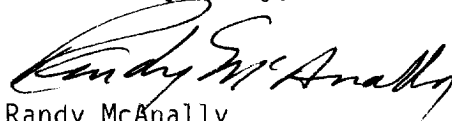

18-9-27

Dear Mr. Williams:

After our telephone conversation on April 11, 1989, I have enclosed the form C-103 outlining Yates Energy Corp.'s intent for the subject well. Also enclosed is a well schematic showing the current down-hole completion assembly. Please find a log section through the Wolfcamp, showing the zone of interest to be completed. I have enclosed a schematic showing the well after re-completion and returned to production as a dual producer with abandonment of the Atoka and perforating the Wolfcamp.

I appreciate your help with this matter. If you need additional information please do not hesitate to call. After your approval of this matter could you please give me a call, so we might get started on the project?

Yours very truly,
