P.O. Box 1857  
Roswell, New Mexico 88201

*NM - 36648*

Dear Jim:

We wish to apply for off-lease sale of the Gas from the Debbie Fed. #7. We also wish to co-mingle the Gas from this Well with the Gas from the Debbie Fed. #2, Debbie Fed. #3, China Fed. #13 and Debbie Fed. #1, before it is metered by Transwestern at the China Fed. #13.

We will set one of Mesa Petroleum's Meters (Barton Flow Meter w/1000# spring) at each of the locations, also Gas samples are taken from each Well. These Meter Runs meter the Gas before it leaves the lease but the point of sale to Transwestern is at their Meter on the China Fed. #13, (see attached map). All interested parties have been notified.

If you have further questions please call.

Sincerely yours,

Lloyd Reed  
Regulatory Agent  
Mesa Petroleum Co.  
Roswell, New Mexico 88201
