ARTESIA, OFFICE

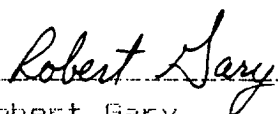

Gentlemen:

Yates Petroleum Corporation is hereby submitting application for produced water from the above captioned well pursuant to NTL-2B and requests your approval.

The well is producing an average of 1 BWPD from the Morrow formation. The water is stored in a 54 barrel fiberglass storage tank until a load has accumulated for hauling. The water is trucked by Jim's Water Service, East of Artesia, Artesia, NM. to Loco Hills Water Disposal Facility, located in Section 16, T-17S, R30E, in Eddy County, New Mexico. The Loco Hills is a surface disposal approved by the New Mexico Oil Conservation Division, Order No. R-3221. SWD-318

A water analysis is attached.

Yours truly,

  
Robert Gary  
Production Technician
