

SAMPLE

APPLICATION PURSUANT TO  
SECTION 102(c)(1)(B) OF  
THE NATURAL GAS POLICY ACT OF 1978 (NGPA)

AFFIDAVIT

STATE OF New Mexico COUNTY OF Chaves

BEFORE ME, the undersigned authority, duly commissioned and qualified within and for the State and County aforesaid, personally came and appeared Jim W. Vidrine, who, being by me first duly sworn, depose and said:

That he is the Production Manager for Rault Petroleum Corporation, the applicant for the well as described heretofore in this application, and, in that capacity, he is requesting the appropriate Oil and Gas Supervisor, Conservation Division, Geological Survey, to determine the eligibility of said well for wellhead pricing purposes pursuant to the rules and regulations of the Geological Survey and the Federal Energy Regulatory Commission and to the NGPA.

That he has made, or has caused to be made, pursuant to his instructions, a diligent search of all records (including but not limited to production, severance tax, royalty payment, and jurisdictional agency determination records) which are reasonably available and contain information relevant to the determination eligibility. Said search was made in the following manner:

(describe the search made)

Wells within 2.5 miles circle were checked to see if they produced Hydrocarbons within the guidelines of Sec. 102 of the NGPA.

The following records were examined and reviewed:

(name and describe all records examined and state the location)

Scout tickets and the most recent volume of the annual report of New Mexico Oil & Gas Engineering Committee, Southeast New Mexico.

The following records may also contain relevant information to this application but were not searched by him or at his direction because he determined that they were not reasonably available to him:

(list records, locations, and state reasons for being unavailable)

2.5 Mile-Test: Based upon the search and examination described above, he has concluded to the best of his information and knowledge that there is no marker well within a 2.5-mile radius of the well Amoco State No. 1, API No. 30-005-61-710, and that he has no knowledge of any other information not described in the application which is inconsistent with this conclusion.
