3/2/97 We have recently completed construction of two fences on the site which enclose:
1) the stock tank which exploded and
2) the lid from the stock tank
The intention of this is to preserve evidence related to the accident which occurred during February, 1997. We plan to remove the fences prior to six months from date. If additional time is needed, we will request permission for an extension of that time period at that time.
