12. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

2-22-89 Proposed to delay additional cementing of long string covering San Andres formation until testing of lower zones is complete and a commercial well placed permanently on production. Temperature surveys(not printed) showed no movement over San Andres interval. If fluid rises to surface outside 8 5/8 surface casing, Well will be cemented forthwith.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
