Start of Production

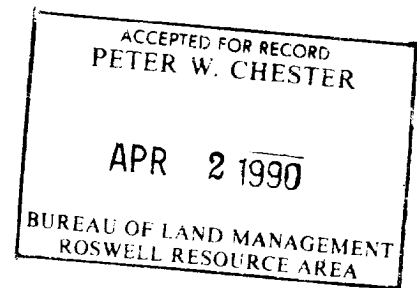

Gentlemen:

BHP Petroleum Co., Inc. completed the subject well on 5/25/89 from Montoya perfs at 6116' to 6150'. It was subsequently shut in waiting on a pipeline. First delivery commenced on 2/14/90 through a BHP operated gathering system and delivered to Transwestern Pipeline Co. for sale to the spot market. Initial delivery rate was 300 MCFGPD.

Sincerely,
