Re: Osage 33 Com #2 Well
NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 33-T6S-R26E, NMPM
Chaves County, New Mexico

Dear Mr. Williams:

Pursuant to our previous correspondence and phone conversations, please be advised that the cellar has been filled, the deadmen cut and the location cleaned on the above captioned well. All OCD regulations have been complied with as well as leaving the location as the land owner has requested (please refer to the letter agreement between Branex Resources, Inc. and Thomas S. Cooper as was previously furnished you).

We would ask that you please approve the C-103 as well as release the plugging bond for this well. Your earliest consideration in this matter would be greatly appreciated.

Yours very truly,

BRANEX RESOURCES, INC.
