If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Yates Petroleum Corporation respectfully requests permission for off-lease sales and measurement of gas. Due to economic conditions, the gas purchaser required Yates Petroleum Corporation to lay a gathering line to an existing location. The gas line is laid northeast from the Bittersweet Unit #1 location to the Witz VN State #1 location (NWNW of Section 26-T9S-R26E).

The meter house for the Bittersweet Unit #1 (Station No. 15497) is located on the Witz VN State #1 location. The Bittersweet Unit #1 IS NOT COMMINGLED with any other wells.

Transwestern Pipeline Company conducts periodic tests on their meters and semi-annual gas analysis tests. Test results will be furnished to the BLM upon request.
