INTERIM DOWN-HOLE ABANDONMENT APPROVAL

The down-hole portion of this well abandonment is approved. If you have not yet done so, you must obtain the surface reclamation requirements for this well from the Surface Protection Staff of this office (505-624-1790). When the surface reclamation is complete, notify this office by submitting a Final Abandonment Notice on Form 3160-5, Sundry Notice and Reports on Wells (original and 4 copies), stating the surface reclamation is complete and ready for inspection.

Approval of the Final Abandonment Notice and, if applicable, subsequent release of bond liability will not be granted until the surface reclamation is determined to be satisfactory.
