13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

We are requesting approval of Off Lease Storage for the above referenced lease. We are making this request for the following reasons:

- 1) We can use a common water tank for produced salt water along with the other leases on this location.
- 2) Easier for the pumper to guage tanks at a central location.
- 3) Facilitates transporter of the oil as the roads leading to the lease in question (Rosilee Federal) are at times impassable due to weather conditions.

The legal location of the Off Lease Storage requested is J-20-11S-27E.

14. I hereby certify that the foregoing is true and correct.
