Measurements and dimensions are to be in fact/inches. Well locations will refer to the New Mexico Principal Meridian.

IF TH	IS IS AN AMENDED REPORT CHECK THE BOX LABLES	5									
"AME	NDED REPORT" AT THE TOP OF THIS DOCUMENT.										
1	Operator's OGRID number. If you do not have one it will be assigned and filled in by the District office.										
2	Operator's name and address										
3	API number of this well. If this is a new drill the OCD will assign the number and fill this in.										
4	Property code. If this is a new property the OCD will assign the number and fill it in.										
5	Property name that used to be called 'well name'										
6	The number of this well on the property.										
7	The surveyed location of this well New Mexico Principal Meridian NOTE: If the United States government survey designates a Lot Number for this location use that number in the 'UL or lot no.' box. Otherwise use the OCD Unit Letter.										
8	The proposed bottom hole location of this well at TD										
9 and 1	10 The proposed pool(s) to which this well is beeing drilled.										
11	Work type code from the following table:										
	N New well	٠.									
	E Re-entry										
	D Drill deeper										
	P Plugback										
	A Add a zone										
12	Well type code from the following table:										
	O Single oil completion										
	G Single gas completion										
	M Mutiple completion										
	I injection well										
	S SWD well										
	W Water supply well										
	C Carbon dioxide well										
13	Cable or rotary drilling code										
	C Propose to cable tool drill										
	R Propose to rotary drill										
14	Lease type code from the following table:										
	S State										
	P Private										
	N Navsio										
	J Jicarilla										
	U Uta										
	l Other Indian tribe										
15	Ground level elevation above sea level										
16	Intend to mutiple complete? Yes or No										
17	Proposed total depth of this well	÷									

- 18 Geologic formation at TD
- 19 Name of the intended drilling company if known.
- 20 Anticipated spud date.
- Proposed hole size ID inches, proposed casing OD inches, casing weight in pounds per foot, setting depth of the casing or depth and top of liner, proposed cementing volume, and setimated top of cement
- 22 Brief description of the proposed drilling program and SOP program. Attach additional sheets if necessary.
 - The signature, printed name, and title of the person authorized to make this report. The date this report was signed and the telephone number to call for questions about this report.

New Mexico Oil Conservation Division C-102 Instructions

IF THIS IS AN AMENDED REPORT, CHECK THE BOX LABLED TAMENDED REPORT. AT THE TOP OF THIS DOCUMENT.

Surveyore shall use the letest United States government survey or dependent recurvey. Well locations will be in reference to the New Mexico Principal Meridian. If the land is not surveyed contact the appropriate OCD district office, independent subdivision surveys will not be acceptable.

- The OCD seeigned API number for this well
- 2. The pool code for this (proposed) completion
- The pool name for this (proposed) completion
- The property code for this (proposed) completion
- The property name (well name) for this (proposed) completion
- 6 The well number for this (proposed) completion
- 7 Operator's OGRID number
- 8. The operator's name
- The ground level elevation of this well
- 10. The surveyed surface location of this well measured from the section lines. NOTE: If the United States government survey designates a Lot Number for this location use that number in the 'UL or lot no.' liox. Otherwise use the OCD unit letter.
- Proposed bottom hole location. If this is a horizontal hole indicate the location of the end of the hole.
- The calculated acreage dedicated to this completion to the nearest hundredth of an acre.
- Put a Y if more than one completion will be sharing this same acreage or N if this is the only completion on this acreage
- 14. If more then one lease of different ownership has been dedicated to the well show the consolidation code from the following table:
 C. Community of
 - C Communitization
 - U Unitization
 - F Forced pooling
 - O Other
 - P Consolidation pending

NO ALLOWABLE WILL BE ASSIGNED TO THIS COMPLETION UNTIL ALL INTERESTS HAVE BEEN CONSOLIDATED OR A NON-STANDARD UNIT HAS BEEN APPROVED BY THE DIVISION!

15. Write in the OCD orderial approving a non-standard location, non-standard spacing, or directional or horizontal drilling

18. This grid represents a standard section. You may superimpose a non-standard section over this grid. Outline the dedicated acreage and the seperate leases within that dedicated acreage. Show the well surface location and bottom hole location, if it is directionally drilled, with the dimensions from the section lines in the cardinal directions. (Note: A legal location is determined from the perpendicular distance to the added of the tract.) If this is a high angle or horizontal hole show that portion of the well bore that is open within this pool.

Show all lots, lot numbers, and their respective acreage.

If more than one lease has been dedicated to this completion, outline each one and identify the ownership as to both working interest and royalty.

- 17. The algusture, printed name, and title of the person authorized to make this report, and the data this document was algued.
- 18. The registered surveyors certification. This section does not have to be completed if this form has been previously accepted by the OCD and is being filled for a change of pool or dedicated acresse.
