| 9' FNL & 1980' FWL (Unit F, SENW) 15~ 8~ 人5 E | |
| CHECK APPROPRIATE BOX(s) TO INDICATE NATURE OF NOTION | CE REPORT OR OTHER DATA |
| TYPE OF SLIBMISSION TYPE OF ACTION | ON |
| THE OF GODINGGOT | Change of Plans |
| Notice of Intent Abandonment Recompletion | New Construction |
| Subsequent Report Plugging Back | Non-Routine Fracturing |
| Casing Renair | Water Shut-Off |
| Final Abandonment Notice Altering Casing | Conversion to Injection |
| | Dispose Water (Note: Report results of multiple completion on Well |
| Other | Note: Report results of multiplic combiguon on Well |
| Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, included, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to the Yates Petroleum Corporation is submitting application for produced water well at present produces 0 Bbls of water per day from the Pecos Slope Above 1985 of water per day from the Pecos Slope 1985 of water per day from the Pecos Slope 1985 of water per day from the Pecos Slope 1985 of water per day from | completion or Recompletion Report and Log Form) luding estimated date of starting any proposed work. If well is directionally is work.)* r pursuant to Order #7 and requests your approval. |
| Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including give subsurface locations and measured and true vertical depths for all markers and zones pertinent to the Yates Petroleum Corporation is submitting application for produced water well at present produces 0 Bbls of water per day from the Pecos Slope Above 1985 of water per day from the Pecos Slope 1985 of water per day from the Pecos Slope 1985 of water per day from the Pecos Slope 1985 of water per day from | completion or Recompletion Report and Log Form) luding estimated date of starting any proposed work. If well is directionally is work.)* r pursuant to Order #7 and requests your approval. |
| Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, inclead, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to the Yates Petroleum Corporation is submitting application for produced water well at present produces 0 Bbls of water per day from the Pecos Slope Above 1. | completion or Recompletion Report and Log Form) luding estimated date of starting any proposed work. If well is directionally is work.)* r pursuant to Order #7 and requests your approval. |
| Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, included, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to the Yates Petroleum Corporation is submitting application for produced water well at present produces 0 Bbls of water per day from the Pecos Slope Above 1985 of water per day from the Pecos Slope 1985 of water per day from the Pecos Slope 1985 of water per day from the Pecos Slope 1985 of water per day from | completion or Recompletion Report and Log Form) luding estimated date of starting any proposed work. If well is directionally is work.)* r pursuant to Order #7 and requests your approval. |
| Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, included, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to the Yates Petroleum Corporation is submitting application for produced water well at present produces 0 Bbls of water per day from the Pecos Slope Above 1985 of water per day from the Pecos Slope 1985 of water per day from the Pecos Slope 1985 of water per day from the Pecos Slope 1985 of water per day from | completion or Recompletion Report and Log Form) luding estimated date of starting any proposed work. If well is directionally is work.)* r pursuant to Order #7 and requests your approval. |
| Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, incled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to the Yates Petroleum Corporation is submitting application for produced water except at produces 0 Bbls of water per day from the Pecos Slope Above 1985 of water per day from the Pecos Slope 1985 of water per day from the Pecos Slope 1985 of water per day from t | completion or Recompletion Report and Log Form) luding estimated date of starting any proposed work. If well is directionally is work.)* r pursuant to Order #7 and requests your approval. |
| Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, incled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to the Yates Petroleum Corporation is submitting application for produced water except the well at present produces 0 Bbls of water per day from the Pecos Slope Above 1 and 1 and 1 and 1 and 2 a | completion or Recompletion Report and Log Formituding estimated date of starting any proposed work. If well is directionally is work.)* r pursuant to Order #7 and requests your approval. o. The water will be stored in a 40 Fbgls tank and be |
| Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, included, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to the Yates Petroleum Corporation is submitting application for produced water well at present produces 0 Bbls of water per day from the Pecos Slope Above 1985 of water per day from the Pecos Slope 1985 of water per day from the Pecos Slope 1985 of water per day from the Pecos Slope 1985 of water per day from | completion or Recompletion Report and Log Form) luding estimated date of starting any proposed work. If well is directionally is work.)* r pursuant to Order #7 and requests your approval. |
| Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, included, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to the Yates Petroleum Corporation is submitting application for produced water well at present produces 0 Bbls of water per day from the Pecos Slope Above 1985 of water per day from the Pecos Slope 1985 of water per day from the Pecos Slope 1985 of water per day from the Pecos Slope 1985 of water per day from | completion or Recompletion Report and Log Formituding estimated date of starting any proposed work. If well is directionally is work.)* r pursuant to Order #7 and requests your approval. o. The water will be stored in a 40 Fbgls tank and be |
