Dear Bryan,

I apologize for any inconvenience this may have caused you. As I mentioned we lost our Production Analyst with no notice and have been scrambling to get caught up. You requested information on the Snakeweed B Federal #4, but I am supplying you information on the other three wells that we drilled around the same time. Please find attached the following:

Snakeweed B Fed #4 (Deviation Survey, Subsequent Reports, C105 and C122)
Snakeweed B Fed #3 (Deviation Survey, C105 and C122)
Cactus Fed #4 (Deviation Survey w/out chart), C105 and C122)
Five Mile Tank B #5 (Deviation Survey, C105 and C122)

Should you have any questions, please do not hesitate to call, again I apologize for the delay.

Sincerely,

April McKay
Vice President of Corporate Affairs
