Re: fed F. Johnson, Jr. \$5,900 onewell bond \$3327506, SW/4 ME/4 sec. 18-2N-25E, Hartford Accident a Indomnity Company

Dear Mr. Bowen:

This is to advice that we have this date received an executed copy of our "Affidavit of Responsibility, Conversion to Water Well" signed by Mr. N. D. Myrick, an whose property Ted F. Johnson, Jr., et al, drilled a well in early 1958. This well was covered by a plugging bond issued by your company. We have this date approved Mr. Johnson's plugging report and the transfer of the well to Mr. Myrick for his use as a water well.

The Commission is, therefore, now in a position to release the aforesaid bend effective January 15, 1959.

Very truly yours,

Daniel 5. Nutter Chief Engineer
