Re: Plugging of the Elliott & Kutts
Well No. 1, Unit K, Section 14,
Township 2 North, Range 28 East,
De Baca County, New Mexico.

Dear Sir:

We have received the required plugging report (Form C-103)
on the subject well.

A recent field inspection indicates that while the well has been
properly plugged, pits have not been filled and leveled as required.

Please arrange to take care of this matter within twenty days
and to file a supplemental C-103. Otherwise, we shall demand that
your surety company do this required work.

Very truly yours,

OLIVER E. PAYNE
Special Assistant Attorney General
