

January 7, 1963

Harry O. Morris  
First National Bank Bldg.  
Albuquerque, New Mexico

Dear Mr. Morris:

In answer to your letter of January 2, 1963, yes I signed a C-101 (Notice of Intention to Drill) a well in DeBaca County 660' from East line, 660' from South line, in Section 2-1N-20E on June 29, 1962.

The C-101 has Petroleum Consultants as operator and signed by W. R. Sutton Petroleum Engineer.

I have not been able to find out just how deep he drilled, but not to 5500' as he proposed, my guess is three (3) or four (4) hundred feet.

Very truly yours,

OIL CONSERVATION COMMISSION
