Glencoe, New Mexico 88324

Re: State #1  
SW SW Sec. 28-2S-26E  
De Baca County, N. M.

Dear Mr. Good:

The last report received in this office on the subject well was dated April 20, 1972. According to the report, the well had been drilled to a depth of 1308', and water had been encountered at 1185 and had increased to the extent that an additional string of casing must be set in order to continue drilling. You proposed to set 7" C 1307' and cement with 50 sacks and then continue drilling the well.

Please file Form C-103 showing current well status, any work performed on the well subsequent to the last report and future plans for the well.

Sincerely yours,

W. A. Gressett  
Supervisor, District II
