17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

There has been no further work done on hole site since the last report of 4-20-72.

There exists at this time a breach of contract by Standard Drilling Company to me in that they were to perform the work stipulated in the 4-20-72 report and the last I heard from them they had ordered the new string of 1300 ft. of 7" OD pipe but it was never delivered. I am in the process of negotiating with a new driller from Farrington by the name of Joe Morrow and as soon as his rig is available I will have him come to the site and complete the hole for me.

I will file an additional report prior to commencing any further work with a new driller. I anticipate soon.

My current telephone number is 505-378-4861.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
