Dear Bill,

Just got back from a trip to Arizona and got your letter, upon arriving home, dated March 29, 1974.

I am closing out a deal on May 10th in which I was expecting to have some money to complete the well hole. Since I have only 1/8 interest in the well I will make a trip to Albuquerque this week and see if the other owners can come up with the money immediately.

I hate to have had this thing dragged out this long but I have been waiting for the other parties to come up with the money. At least the hole is in better shape now than when I took it over at least we have the upper water shut off.

Sincerely Yours,

Charles E. Goad
