Sec. 28-2S=26E, DeBaca
County, New Mexico

Dear Mr. Goad:

According to our records drilling operations on the subject well has been suspended since April 20, 1972.

On March 29, 1974, we wrote requesting that drilling be resumed on the subject well or that it be plugged and abandoned. Since that time we have received two letters stating that you plan to resume drilling, the last letter dated July 24, 1974.

Therefore, we are referring this matter to our attorney Mr. William F. Carr for further action.

Sincerely yours,

OIL CONSERVATION COMMISSION
