Re: Oil well, SW/4 SW/4 Sec. 28  
T-2-S, R-26-E

Dear Joe:

A Mr. James E. Kirk has a well to plug twenty-six miles south of Ft. Sumner in the above location, in De Baca County.

This well is 900 feet deep and 10 3/4 casing set. Mr. Kirk estimates that the cement comes to within 500 feet of the surface.

We need your requirements to plug this well. We plan to send a representative from Baber and supervise the work done on this job. We hope that we can find the necessary equipment and material in Ft. Sumner to do this job.

Yours very truly,

GUY A. BABER, JR.
