Vaughn State #1, 21-1S-26E
De Baca County, NM

Dear Mr. Armstrong:

On August 18, 1976, I made a field inspection on the subject well and found the final P&A O.K.

I will send you an approved copy of the plugging report.

On the Good State #1, 21-4N-27E, I am unable to approve this location until the marker has been installed, by cementing or welding it to the original casing.

All plastic will have to be picked up or buried.

When this work has been completed have Mr. Sandefer or you may contact this office for final inspection.

Sincerely yours,

OIL CONSERVATION COMMISSION
