Oil & Gas Dept of Oil Conservation  
Hobbs, New Mexico

Dear Mr. Yarborough:

Will you please approve these plugging  
forms and forward to me in the self-addressed envelope  
to Bos 1723, Odessa, Texas. I will need your approval  
in order to get my check.

My loss has been terrific here and  
everyone is wanting their money. By the way Roy,  
this is undoubtedly the dryest well that I ever drilled  
in my life considering its depth. Will appreciate  
you rushing these approvals to me.

Thanking you and with personal regards.

Very truly yours,

*W. Hawkins*
