New Mexico Oil  
Conservation Commission  
Santa Fe  
New Mexico

Gentlemen: (Att. Mr. E.A. Utz)

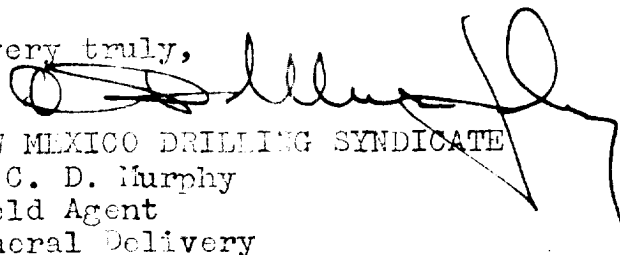

For compliance with the rules and regulations of the New Mexico Oil Conservation Commission we have Commission's book, Rules and Regulations, dated "Effective January 1, 1950". Should there be any subsequent modifications or additions to these rules and regulations please forward such bulletins or booklets to our Field Agent in Deming.

Also, please clarify the procedure to follow in the event that an exploratory hole is to be abandoned, either temporarily or permanently, in regard to plugging.

In regard to the geological samples from our current operation (Murphy #1 Grant County Se. 31 T20S R11W) about which you wrote some time ago, please be advised that a complete set of these samples is being set aside for delivery to the New Mexico Bureau of Mines.

Thank you again for your attention.

Yours very truly,
