Re: \$5,000.00 One-Well Bond
to State of New Mexico
NW/4 Section 31-20S-11W
N.M.P.M., SY-190357

Dear Sir:

With reference to your footnote on our letter of June 4th, advising that the well was plugged last fall, we would like to remind you that a bond of this nature cannot be cancelled by either the principal or the bonding company, but that a release must be secured from the State.

By copy of this letter, we are requesting the New Mexico Oil Conservation Commission to furnish us with such a release.

Very truly yours,

J. S. WARD & SON, INC.
