Mr. Roy Yarborough
Box 1545
Hobbs, New Mexico

Dear Mr. Yarborough:

I was informed last evening by Maryland Casualty Co. they had made an exception to their ruling to stay off individual wildcat bonds, and will issue one for me. Personally, I felt they should have before, without any delay, as I have had many bonds with them and also paid them about \$75,000 in Compensation Insurance premiums when I was in the coal business, years ago.

I did not have a Bond Form, so phoned your office at Santa Fe this morning and they are air mailing a form over to me. I will have it completed immediately on arrival here and wire you the Bond number. The Bond itself, will have to go through their El Paso General Agent, who, in turn, will send it to their Santa Fe Agent for execution, according to requirements and then deliver direct to your office in Santa Fe.

Again thanking you most gratefully for your generous courtesies, which I appreciate very much, I am,

Sincerely yours,

C.W. Colgrove
