Gentlemen -

Regarding the Long-Termin-
Umbarger, State No 1 Sec 14, Twp. 22 So,
Range 20 W. Hidalgo Co.,

As I was the driller on
the above well, I was sent back to
plug this hole. The hole was full
of heavy Aquagel drilling mud to
about 15 feet from the top. I bridged
at this depth and filled with cement,
then set the four inch pipe as
required and set a slab around it.

The fact that a rotary rig
was used there was no
noticeable water at any time in
this well.
