Re: Ramsey 25 State Unit
#1-P-25-27S-17W

Dear Mr. Ramsey,

Enclosed are the standard forms that are filled out when drilling a well. There is also an instruction sheet for your information.

I am sending copies of forms that have been approved so that you will know the type of information that is needed on each form.

You will need to file another plat showing the new location of the well. Since the move is only 25 feet, you will not need to have a new survey made, just make out a new plat yourself.

If you have any questions please contact our office.

Sincerely,

A handwritten signature in cursive script, appearing to read "Mike Williams".

Mike Williams
