Re: Affidavit of Responsibility - Conversion to Water-Well

Dear Mr. Taylor:

Enclosed for your handling is one original of the "Affidavit of Responsibility for Conversion to Water-Well" recently completed by the Phelps Dodge Corporation and the Ramsey Oil Company. Mr. Arthur B. Ramsey of Post Office Box 11369, Albuquerque, New Mexico 87192 has the other original. Phelps Dodge Corporation as landowner has now assumed responsibility of the site and is currently restoring the area and preparing to convert the oil well to a water well.

Thank you for your assistance in this matter. If you have any questions, please contact Mr. Bill Harmon at 436-2211, Ext. 229 at your convenience.

Very truly yours,
