

**INSPECTION REPORT**

**January 29, 1953**

**L. O. BURSCOUGH**

**Re: Kerr Land & Cattle Co.  
#1 SWSW Sec. 23-24S-20W  
Hidalgo County**

This well is located approximately 5 miles southeast of Roadforks (on U.S. Highway 70-80) and about 1/8 mile east of highway 80. The contractor, E. E. Barrett of McCamey, Texas is using a Super-D Fort Worth Spudder.

The well was spudded on January 24, 1953, to meet leasing commitments, and reached a depth of six feet without bailing out. No further work has been done.

A \$5000.00 one-well plugging bond has been applied for by the operator but as yet has not been received by this office.
