Bond No. 19852
Basabe and Rupe
\$5,000.00 one-well bond
SW NE 24-2S-14E

Dear Mr. Spurrier:

We should like to know if anything further has developed since you last wrote us on September 30, and if any developments have occurred we should very much like to know to determine whether or not we are still liable under our bond.

Is it at all possible that someone with the Commission could locate Mr. Carl I. Ryberg on whose land the well was being drilled in order to have this matter cleared as soon as possible? We understand that Mr. Ryberg is located in Roswell.

Any assistance that you can give us in this regard will be very much appreciated, because, as previously pointed out to you, our New Mexico agent is unable to collect the premium for this obligation.

Yours very truly,

Edward P. Sweeney, Manager
Bond Department

Well File Dear Bob: This is a copy of letter received in this office. Would you tell me what to tell 'em? I believe it is a D.S. Ward bond. I will wait to hear from you before replying — Thanks, Nancy
