Dear Sir:

Enclosed herewith please find the strip log of the Western Ranchers No. 1 Beecher that you so very kindly loaned to me. I most sincerely appreciate your courtesy.

The location as given by the operators is incorrect in that it is actually in section 20 instead of section 19. The footage as reported, 1650' from the north line and 338' from the west line appears to be O.K. I had quite a time locating the test, as did "Pinky" Galloway. We failed in our first attempt, but later I went back and finally found the little beauty.

Again thanking you, I remain,

Very truly yours,

H. S. Cave
