Capaco Corporation
Box 276
Capitan, New Mexico

Gentlemen:

I am writing you with regard to your Spencer Well No. 1, Unit P, 36-8S-14E, Lincoln County, New Mexico. We have not received any reports on this well since you submitted forms C-101 and C-128 in December, 1958. I have asked for these reports several times, but have failed to receive a reply.

Please submit to this office five (5) copies of form C-105 (Well Log), and three (3) copies of form C-103 for each string of pipe run, stating the number of feet run, size, and how much cement was used. Also, please indicate the condition of the hole when abandoned.

As the well should be plugged and the location cleared at once, please submit three (3) copies of form C-102, stating how you propose to plug the well.

Very truly yours,
